Lion Precision Communication on COVID-19

To our Valued Customers,

Lion Precision is a US-based manufacturer and supplier, a significant portion of our business consists of products and components used for the manufacture of medical diagnostic equipment, food / pharmaceutical packaging equipment and test measurement equipment used in semiconductor industries and research laboratories.

We continue to monitor and respond to the evolving COVID-19 pandemic and remain committed to the health, safety and well-being of our employees and our business partners and customers.

Lion Precision is aware of various State protective orders and guidelines related to employees' "stay-at-home" and work from home to help prevent the spread of COVID-19. There are exceptions included for companies that "provide essential services or products needed to ensure the continuing operation of government agencies and provide for the health, safety and welfare of the public." Under the provisions of US Cybersecurity and Infrastructure Security Agency (CISA), Lion Precision is deemed essential due to the critical nature of the products we manufacture and services we provide to support public health, and national security. This classification extends to our customers.

We look forward to navigating through this time of uncertainty together. If there is anything we can do to assist your organization, please feel free to reach out. We remain committed to providing our valued customers with the highest level of service and quality and deliverability.

Sincerely,

A handwritten signature in black ink, appearing to read "Tony Norris", written in a cursive style.

Tony Norris
Vice President of Lion Precision
